

We Paid \$100,000

For Liquezone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Liquezone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquezone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter. There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquezone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

MORAL LEPERS DISCUSSED BY DR. BOULTER

A VERY POINTED EXPRESSION
AND DENUNCIATION OF
POLITICAL METHODS
NOW BEING PRACTICED.

Editor Pensacola Journal:

I am in favor of municipal ownership and have been ever since I first joined a club 15 years ago whose object was the study of the social conditions of men. I would gladly devote what spare time I have to the discussion of such questions, particularly to that branch of it which is now uppermost in the minds of the people, but there is the same unholy crew of moral buzzards with which every community is infested, pushing to the front so that a metaphorical spanking needs to be administered.

I enjoy an intellectual scrap with a writer like Cucumber. That is amusing. But when the mob of unclean things who are now filling the columns of the News indicate that past histories are about to be overhauled and characters blackened, I am filled with disgust.

The study of clean, pure politics calls out the best powers of the human intellect, but to mix in the dirty mess apparently about to be stirred up in this campaign causes a decent man to hesitate.

"Whose toucheth pitch will be defiled." When God created man He made him in His own image, but left character to be formed by a process of development for the growth and perfection of which man is largely responsible.

"Nothing so truly marks the great man as the absence of envy and detraction." If by this standard set up by Addison, we judge the characters of "Advocate," "Veritas," "Old Timer," "Pro Bono Publico," "Observer" and the rest of the moral lepers, how can we look upon them except with contempt?

Read "Advocate's" article, particularly the opening paragraph in which the overhauling of character and smirching of reputations is announced to be the program for winning the political battle. Then read the string of sanctimonious platitudes which follow, and which when read alone might mark the writer as possibly being a decent citizen, but when read in connection with the opening paragraph marks "Advocate" as being that thing which Christ terms, when most contemptuous—hypocrite.

Next passing in review comes "Veritas," the truthful, but he looks to me like the same old "Ananias" appearing in former campaigns. "Old Timer," for the public weal, should have sat down and disappeared long ago. "Pro Bono Publico" is generally the man who says he writes for the public good, but in reality is trying to satisfy some petty spite or private grudge.

The remainder of the boy, Shine's supporters, who are writing over assumed names I leave to the punishment of their own consciences, merely saying that the "Hon." C. L. the boy Shine, ought to be ashamed of his supporters.

It has been truly said: "Show me a man's associates and I will show you the man."

It is reported that a pamphlet is being prepared for the purpose of trying to injure Mr. Bliss by blackening his character and discrediting him in the eyes of the people. When it appears all are requested to read it carefully and pass an unbiased judgment, remembering that the writer of the pamphlet will be anonymous.

Let every good citizen work with all his energy for the advancement of Municipal Ownership and the men who will in his judgment do the most to make Pensacola a modern, progressive city. Very truly yours,
DR. H. H. BOULTER.

A HEALTHY FAMILY

Is the one that can rightfully boast of pure blood. When the rich, red wine of life is coursing through the veins it imparts vigor and strength to the body and healthy action to all parts of the system. A healthy family is a wealthy family; it may be poor in worldly goods, but possessed of a priceless jewel that all the riches of earth cannot buy. A healthy family may not carry in their veins the blood of titled nobles or distinguished ancestors, but vigorous health is always an evidence of the best and purest blood, for the vital fluid contains all material necessary for the making of bone and muscle and the growth and development of the body, and upon its purity rests our chances for good health. When the body is fed upon weak, sickly blood the system languishes, growth is stunted, disease enters without hindrance, and the simplest maladies are apt to develop into serious sickness. In so many ways does the blood become contaminated that the fewest number succeed in keeping this life-giving, health-sustaining fluid in a pure and natural state. We inherit the disease-tainted blood of ancestors, parents transmit to their children such impoverished and weak blood that their lives are a continuous battle against disease, and from earliest infancy are harassed by sores and the most dreadful skin eruptions, and heirs to some old family disease. No one has a right to throw upon the shoulders of posterity a disease that might have been cured, or allow the blood to remain impure without an effort to restore it to health. Rheumatism, Catarrh, Scrofula and many of the severer forms of skin diseases are frequently inherited, and only the most thorough constitutional treatment can remove them. Bad blood is responsible for more ill health than all other causes combined; it absorbs the poisons that gather in the system, and the germs and microbes floating in the air find their way into the circulation, and old sores and ulcers, Eczema, Boils, Malaria and a long train of other diseases follow.

If you do not come of a strong and vigorous family and your blood shows evidence of impurity, nothing will so quickly bring it back to a healthy condition as S. S. S., the most widely known and popular blood remedy on the market. It purifies and builds up weak, sluggish blood and stimulates the circulation, and thus rids the system of impurities. S. S. S. contains tonic as well as blood purifying properties, and builds up the general health, improves the appetite and digestion, and tones up the nerves while ridding the blood of all poisons and humors. Nothing reaches old chronic blood troubles like S. S. S., and being a strictly vegetable remedy can be taken by old and young without any bad after effects or injury to the system. As a blood purifier and tonic at this season S. S. S. has no superior. It puts the blood in good order, removes all poisonous accumulations, invigorates all parts of the system and prevents that debilitated, tired feeling common to this time of year. Keeping the blood healthy is the secret of all healthy families. Write us if in need of medical advice, which our physicians will furnish free of charge. Book on the blood and its diseases mailed free.

An ordinance to set apart certain portions of the Water Front of the City of Pensacola, for use as a Boom.

Be it ordained by the Mayor and Council of the City of Pensacola:

Section 1. That Block One Hundred and Seventy-One (171), One Hundred and Seventy-Two (172), One Hundred and Seventy-Three (173), One Hundred and Seventy-Four (174), One Hundred and Seventy-Five (175), One Hundred and Seventy-Six (176), One Hundred and Seventy-Seven (177), and One Hundred and Seventy-Eight (178), as said blocks appear upon the official Map of the Water Front, of the City of Pensacola, be, and the same are hereby, set apart for use as a BOOM for the keeping of timber and lumber by all persons, firms and corporations engaged, or who may hereafter engage, in the business of Timber and Lumber Merchants, Brokers, Shippers or Inspectors of the City of Pensacola.

Section 2. That the majority of the persons, firms and corporations mentioned in the foregoing section have the right to designate such person, or persons, as may be necessary to take charge of and manage said boom in accordance with rules and regulations adopted by them and approved by the Mayor and Council of the City of Pensacola.

Section 3. That all expenses, charges, costs or damages, whatsoever, that may be incurred, or may arise, by reason of the adoption of this ordinance, or for, or on account of, the establishment, maintenance, management or use of said boom shall be borne and discharged by the persons, firms and

corporations who shall use said boom, and as may be provided by the rules and regulations hereinbefore mentioned.

Section 4. That nothing herein shall be construed to authorize the closing of any street, or part of street, lying between the W. B. Wright Company's property and the Muscogee wharf property of the Louisville & Nashville Railroad Company, and at no time shall Stockard's, or 12th Avenue, in said water front, be used or occupied as a boom, or for any purpose, so as to prevent, or obstruct, the free public use of the same.

Section 5. That this ordinance shall take effect immediately after its approval by the Mayor, and then only upon the payment of the sum of Seven Hundred Dollars (\$700.00) to the City of Pensacola by the persons, firms and corporations for whose use said property is set apart as a boom.

Section 6. That this ordinance shall be and remain in full force and effect for the term of one year after its approval; or provided that the Council shall have the right to repeal the same as to all, or any part of the property hereinbefore described, whenever the same shall be required for any public improvement, or public purpose.

Passed April 19th, 1935. Approved April 29th, 1935.

Attest: T. E. WELLES, Mayor.
